COMPLETE SET OF PANAMA-PACIFIC COINS

377 **1915 Complete Panama-Pacific Set,** consisting of **two Fifty Dollar Gold pieces,** round and octagonal; **$2.50** and **$1.00** in gold; and the **Half Dollar** in silver. Mounted in the **ORIGINAL BOX OF ISSUE.** All Brilliant Uncirculated.

The Panama-Pacific Exposition was held in San Francisco from February 20th to December 4th, 1915, in celebration of the construction and opening of the Panama Canal. It was one of the largest expositions ever held in the United States and attracted world wide attention. Forty-four States, United States Territories, and thirty-six foreign nations were represented. The coins struck in connection with the Exposition are among the most interesting of the United States Commemorative issues.

These were the first Fifty Dollar gold coins to be issued under the authority of the United States Government. Approximately 1,500 sets were struck, although only 483 sets were sold at the Exposition. The balance of the issue was remelted. We doubt if more than half of those sold still exist, making it quite rare. This is probably the most popular and sought-after set of coins on the market today. These sets were originally sold for $200.00 back in 1915. They have steadily increased in value, to a point today where they are quoted at $10,000.00. It is an excellent investment that certainly never loses its value.
